

What Is Your Commitment?

Last month I asked you to try to find at least one hour per month to dedicate for service to the Knights. Were you able to make that commitment? If not, can you identify the reason? I believe it is important to regularly evaluate our relationship to Council and Knights principles and values. So please join me in doing so.

I know from my experience the natural tendency is to feel life is too busy with family and other commitments. So how about getting your family involved with you? Those families who serve together have learned that it is fun and rewarding. Students get service hours, family members get to spend time together, and everyone gets to meet new people.

We certainly have plenty of opportunities for service. Our Directors have a list of various projects and are anxious to hear from you. You decide when and how to serve, and the time you commit is totally your call. So if you have not already done so, please make the call and explore the possibilities.

Communication is always a top priority for Council effective operation so I encourage you to contact me (402-968-5841 or 402-392-1255) with your questions and ideas on how we can do things better. I will continue to use email to keep you informed, and you can learn a lot by viewing this website.

Recruiting efforts continue under the leadership of Jim Shaal (402-965-9643). **Every Catholic man deserves the opportunity to hear about the benefits of membership.** You know men who you believe would share your commitment to service. So why don't you ask them to learn more about what we do? Most will appreciate that you took time to invite them, and all will make their decision. But it does require you to make the first move. Jim and I are available to help.

I pray that our Lord will continue to bless you and your loved ones. I am honored to continue to serve with you and hope to hear from you soon. Vivat Jesus.
