FYI--Mardi Gras is French for "Fat Tuesday," referring to the practice of the last night of eating richer, fatty foods before the ritual fasting of the Lenten season, which started on Ash Wednesday. Related popular practices were associated with celebrations before the fasting and religious obligations associated with the penitential season of Lent. Popular practices included wearing masks and costumes, overturning social conventions, dancing, sports competitions, parades, etc.

Indian Proverb

*"You can make more friends in two months by becoming interested in other people than you can in two years by trying to get other people interested in you."*

Dale Carnegie

*"Sometimes it seems like God is difficult to find and impossibly far away. We get so caught up in our small daily duties and irritations that they become the only things that we can focus on. What we forget is that God's love and beauty are all around us, every day, if only we would take the time to look up and see them."*
